

Waves, Wetlands, and Watersheds

FREE WORKSHOP for EDUCATORS

Thursday, February 2, 2012, 4pm-6:30pm

Lindsay Wildlife Museum
1931 First Avenue, Walnut Creek

At this workshop, you will receive a FREE copy of the California Coastal Commission's science activity guide for teachers, *Waves, Wetlands, and Watersheds*. You'll try some of the activities in the guide and get an overview of other free educational resources and programs the Coastal Commission has available. You'll learn about a wonderful resource for environmental education in your community and take part in a tour of Lindsay Wildlife Museum with Museum staff.

Space is limited. **Please register before January 30** with Annie Kohut Frankel at afrankel@coastal.ca.gov, (415) 597-5888, or (800) Coast4U. Include the spelling of your name, email, phone number, grade(s) taught and your school or organization as applicable. This workshop is open to both formal and informal educators.

Professional growth credit offered through the University of the Pacific (when additional work is performed). Details available upon request.

* * *

Waves, Wetlands, and Watersheds is a classroom activity guide for teachers that addresses California's coastal and marine issues such as endangered species, marine debris, coastal geology, water use, and more. It is carefully aligned to the California State Science Content Standards for grades 3 through 8, and includes Community Action lessons adaptable for all ages up to and beyond grade 12. The connection between inland areas and the ocean is emphasized throughout, so the lessons are relevant for students living in all regions of California.

For more information, please visit the Coastal Commission's
Public Education website at
